- When making changes to the membership card use only #2 Pencil and don't make any changes to the upper scan line, as National's computer will only kick it back if you make changes in the scan line or use something other than a #2 pencil.
- Do not use white out on the membership card either. National must first remove all of it for the card to be processed through the computer, a considerable amount of time is required for do this and it also holds up the entire Department Transmittal while they do this. It can also cause the scanner and computer to be jammed or damaged.
- The computer will NOT pick up address changes on membership cards; use a member data from #13-001 for submitting these transactions. It is suggested that you also submit a member data form for notice of death, unknown members, changes of membership years and changes of name and address. (For Posts with Internet access change of name and address can be done over the Internet on The American Legion Homepage under the membership section.
