

Sons of The American Legion, Detachment of Wisconsin

2024 DELEGATE AND ALTERNATE CERTIFICATION

See wisal.org/convention/ for more info and if your Squadron is receiving an award

Appleton, Wisconsin on July 12-14, 2024

Each Squadron is entitled to delegates at the annual Detachment Convention as outlined in the [Detachment Constitution Article V, sections 3,4,5,6](#), which basically reads:

- One delegate for every 10 members, and fraction thereof.
 - Examples:
 - 20 members = 2 delegates.
 - 21 members = 3 delegates.
- Plus one delegate at large for anyone in your squadron that is:
 - Detachment Officer
 - Past Detachment Commander
 - District Commander

The at large delegates are pre-named based on the person occupying the at large position. In other words, if your squadron has a Detachment Officer, only that person can vote as an at large delegate. You cannot substitute another member of your squadron for an at large delegate.

For this year's convention, the membership cutoff for determining delegates was **May 28, 2024**.

Delegate counts, including at large delegates for each squadron can be found [here](#).

The purpose of this form is to Certify to the Detachment who your delegates are.

No monies are to be sent with this form.

Each delegate that plans to attend must also register with the Convention Corporation and pay their registration fee. You can find links to those at the [Detachment Convention](#) page.

Important Action Required By You Prior to July 1, 2024

1. Complete and send this certification form.

Don't forget to Register the delegates that will attend! This can happen anytime, including at Convention. Costs go up after July 6.

Your squadron is not obligated to certify nor send a full delegation, and you do not have to supply an alternate for each delegate.

In the form on the next page list your delegates, indicate if they are at large, and list any alternates you might be sending.

2024 DELEGATE AND ALTERNATE CERTIFICATION

District: _____ Squadron Number: _____ City: _____

Delegates, indicate if a delegate at large, or an alternate. Delegate allocation is found [here](#).
